Stain to order	20

## MADE TO ORDER DOORS & PANELS

---

STANDARD DOOR

\* Veneers are randomly selected and therefore, each door will be different in grain structure and can have variation in colour. There will be a variation in grain structure from door to door, with light and dark areas merging to enhance its realistic appearance. The application of a stain will usually emphasise this variation.

\*\* The door has an A side and a B side, each side having a noticeable grain difference.
