MADE TO ORDER DOORS & PANELS

PLAIN END PANEL
Vertical grain

DOOR
Vertical grain

Product Specification Detail

The door has an A side and a B side, each side having a noticeable grain difference. It is imperative that the B side is bored, prior to installation.

Door grain direction is vertical.

- * Veneers are randomly selected and therefore, there will be varying grain structure from door to door. The application of a stain will emphasise this with light and dark areas emerging.
- ** Each door has an A side and a B side, each side having a noticeable grain difference. It is imperative that the B side is bored, prior to installation.
